

MARYLAND WILL GO FOR HUGHES BY LARGE VOTE

Democrats Have Gone Over to Republican Party in Large Numbers.

THE TREND IN NEW YORK

Hughes Alliance Enrollment Indicates Great Sweep Away from Wilson.

(Special Dispatch to West Virginian)
NEW YORK, Oct. 18.—Maryland is no longer a doubtful state but will go for Hughes, due to a defection of at least 5,000 Democrats from Wilson, was the news brought to the Hughes Alliance headquarters today by General N. Winslow Williams, of Baltimore. General Williams has been a lifelong Democrat and served four years as Secretary of the State of Maryland. In 1912 he supported Colonel Roosevelt and served as Progressive National committee man from his state. Some of the most prominent Democrats in Baltimore are actively supporting Governor Hughes, declared General Williams.

"The president of the Hughes Business Men's league is C. C. Homer, president of the First National bank and of the Baltimore Cleaning House. He had never been anything but a Democrat up to 1916.

"One of the league's vice presidents is Thomas O'Neill, a leading drygoods dealer of Baltimore, also a life-long Democrat. St. Stuart Janney, one of the best-known members of the Maryland bar, an old-line Democrat, is also a vice president of the league. The secretary and treasurer of the league are Democrats.

Registration figures show that Hughes will carry Maryland. There was a falling off of 2,200 in the Democratic affiliation in Baltimore, while the Republican affiliation increased 2,000. In the last state election the Democrats won by 3,000. Baltimore city gave the Democratic ticket 4,500 majority. It is apparent on the basis of the decrease and increase of affiliations that Maryland is lost to Wilson.

"Governor Hughes will have an enormous Democratic support. The defection from Wilson surely will not be less than 5,000 and may go as high as 10,000. Mr. Wilson has lost the support of his own party because of the Adamson act, his Mexican and European policies and the personnel of his cabinet."

The largest enrollment ever obtained by a non-partisan movement has been reached by the Hughes Alliance in the State of New York, which has now passed the 100,000 mark. It was announced today by Harold G. Aron, secretary of the organization. This is the development in less than three months' activity, beginning when a group of twenty-five men sat at the Hotel Astor on July 19 to take the first steps in its organization.

This tremendous enrollment has been achieved by personal solicitation only, by "next man" work and it has set an army of earnest men at work to carry New York state for Hughes. The enrollment of 100,000 Progressives, Democrats and Independents in the Hughes Alliance is the answer as to who will carry the state, said Mr. Aron. "It will go for Hughes by at least 100,000. Governor Hughes will receive the support of fully 90 per cent of the Progressive vote of the state. He will also receive the votes of a considerable number of Democrats who are disgusted with the present administration and who, without surrendering their party alliance, are supporting Mr. Hughes."

Over one thousand college alumni who gave their usual affiliation as Democrats have enrolled as active members of the Hughes National College league and have indicated their intention of voting for Governor Hughes. While this is only a small percentage of the league's total enrollment, it shows a great gain for Hughes among the men whose votes are hardest to change.
